DESIGN SERVICES

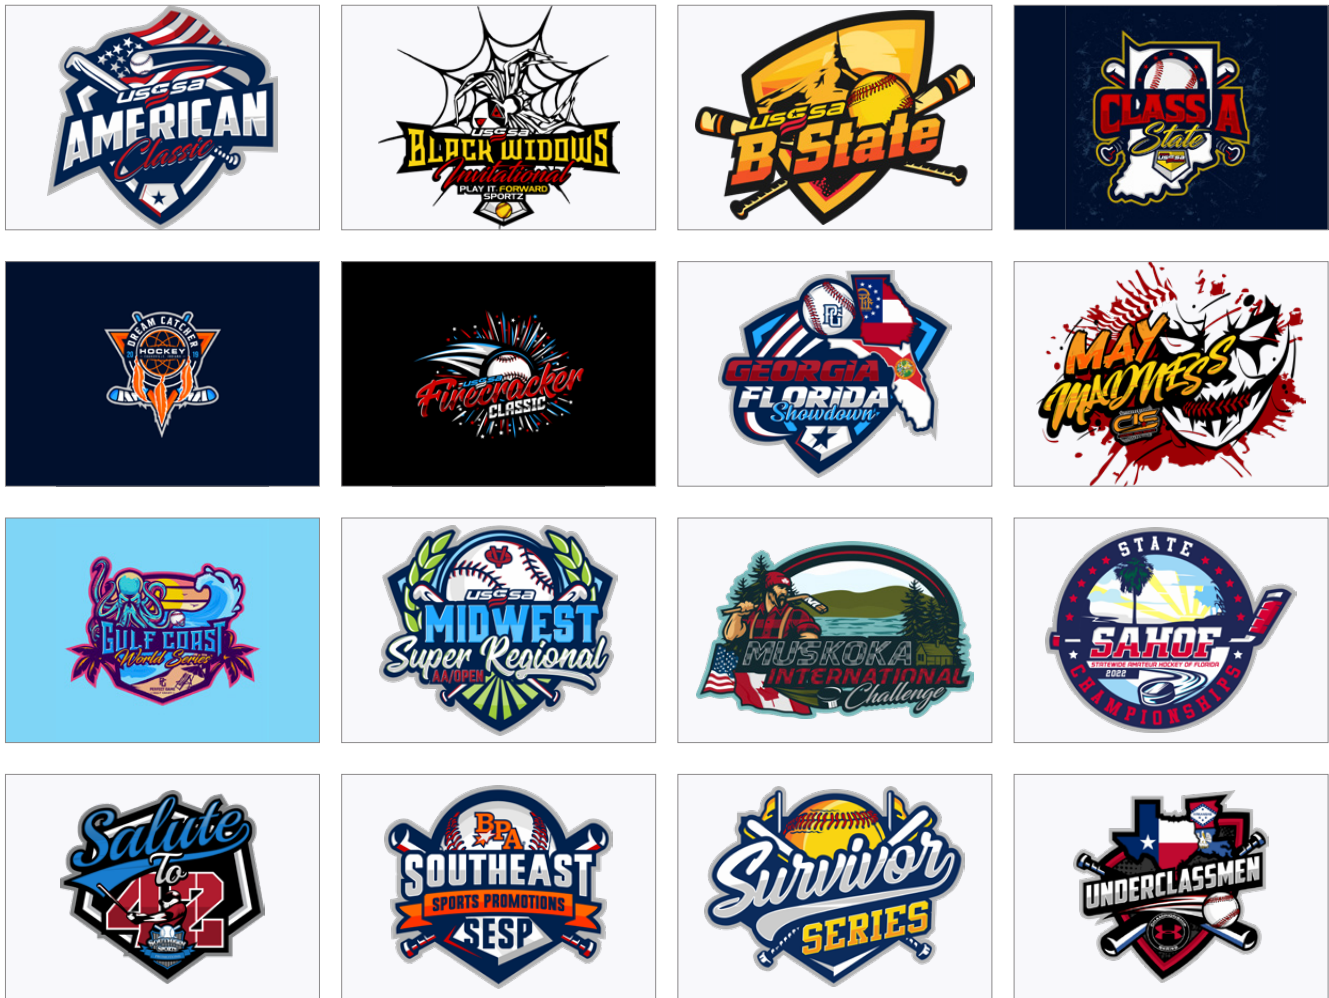

24-48 HOUR TURNAROUND FOR ALL DESIGN SERVICES

You've got a great team, and people need to know about it! That's why Ultimate Team Products is here to help you with all your sports marketing needs. Whether you want to revamp your company logo, or need an eye-catching design to use for social media posts, we've got you covered! We'll give you a design that's as fresh, dynamic, and winning as you are!

EVENT LOGOS

We design custom event logos to help brand the events

Get your event noticed and cut through the clutter with a unique, eye-catching logo! Each event logo we make is custom designed to match your company's brand. No generic formulas or plug-n-play here! Our professional designers will create a brand-integrated logo that will get people in the door. Event logos are the perfect way to get people hyped - and we'll do just that.

COMPANY LOGOS

We help design and redesign company logos to make them more modern more appealing

Every company needs a logo that builds its brand, tells people who they are, and draws people in. A strong logo has the power to sell customers before they even make it to your door. It's that kind of eye-popping, results-oriented logo that we'll make for you.

Logos are very personal. They tell the story of your team - who you are and what you do for your athletes. Our designers work with you to make sure your company logo communicates your story. If you have already brainstormed some ideas, we can include them in the logo we design for you. If you have an old logo, we can revamp it to make something new that really pops. Or, we can create a new one from scratch. Either way, we'll make sure your new logo builds your brand and brings people in.

FLYERS

We design flyers for multiple uses: event flyers, company flyers, promo pricing flyers, all star event flyers, etc.

Flyers are one of the most versatile and useful tools that a sports company can use. Event flyers, company flyers, promo pricing flyers, all-star event flyers....the list goes on and on! If you have something you need to sell, flyers are one of the best ways to get it into the hands of your athletes and the community. But with their wide reach, flyers can be dangerous.

Many businesses create homemade, unprofessional flyers to cut costs. This is one of the biggest mistakes you can make. These flyers represent your business. When they look cheap, you look cheap. Don't hurt your brand with a flyer that doesn't really represent you. Our flyers are professionally produced by a skilled designer. They not only communicate information - they are an advertisement for the high-quality business you are. You'll be proud to share the flyers we make for you!

AWARD BANNERS

We design award banners that are way more attractive than trophies or dust collectors as we call them. Award banners help brand the event by taking the custom logo and putting on the award itself

Got a big award coming up? You could give out a generic trophy that will gather dust on a shelf, or you could get a brilliantly unique award banner that will build pride and brand recognition! For the winner, they offer a way to show off the award they won with their hard work. For you, they will act as an ongoing advertisement, with your logo front and center for everyone to see. And award banners can be personalized in a way that trophies can't, making them more special for those who earn them. Ultimate Team Products will make sure your banners look great and are the talk of the town!

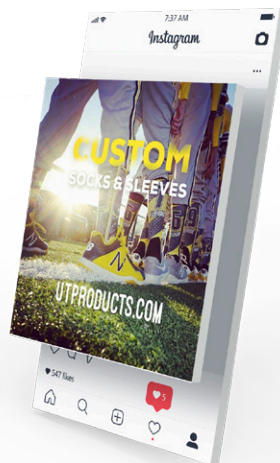

SOCIAL MEDIA POSTS

Social media posts – we design these to help companies who are looking to market and advertise anything on social media

In a world so reliant on social media, it's important for businesses to have a solid social media presence. Unfortunately, building a following isn't as easy as it looks. That's why Ultimate Team Products is here to help you design social media posts that will get results! We'll give you individualized social media designs that will grab people's attention, build a base of followers, and make sales. With our social media designs, you can get out there and get those likes and follows!

You could go with any old generic canopy for your team, but let's be honest - nothing is more frustrating when parents and coaches can't find their team. AWARD MEDALS

Our custom award medal design is different than everyone else. Let's face it, most people in the award business aren't in the "Running Events" business, and therefore they don't truly understand the need for interchangeable products. Sometimes events get canceled, sometimes rain happens, and when it does the last thing you want to do is lose more money by having award medals that are no longer good! We've taken the design to the next level and made our medals company and event branded, however the event logo piece is interchangeable so you no longer waste money on something you don't need! Let's chat about what we can do for you this coming season!
